INTERNSHIP EXPERIENCE

Software Development Intern · App Genesis Soft Solutions Pvt Ltd · Feb 2024 – May 2024

- **Practised** Python scripting and logic-building, strengthening programming fundamentals as a beginner developer.
- **Executed** 30+ SQL queries (SELECT, JOIN, GROUP BY) — first hands-on exposure to relational database concepts.

Web Development Intern · App Genesis Soft Solutions Pvt Ltd · Aug 2023 – Oct 2023

- **Built** 4+ responsive web pages using HTML5, CSS3, and Bootstrap — first real-world frontend development experience.
- **Designed** reusable UI components and page layouts, learning how to structure clean and consistent interfaces.

PROJECTS

Expense Tracker — MERN Stack · React.js · Node.js · Express.js · MongoDB · JWT [Live →](#)

- **Learned** to build a full-stack app end-to-end — React frontend, Express backend, and MongoDB database connected for the first time.
- **Implemented** JWT login system and 6 REST API endpoints as a beginner, understanding how authentication and APIs work in practice.
- **Created** a real-time dashboard using React Hooks (useState, useEffect) — first experience managing live data in the UI.

Portfolio — SPA · React.js · React Router · CSS [Live →](#)

- **Built** a single-page app with React Router — learned how to navigate between pages without reloading.
- **Practised** component reusability by creating 8 UI components, understanding how to keep React code clean and organised.

Theme Toggle — Context API · React.js · Context API [Live →](#)

- **Explored** React Context API for the first time — learned global state management without prop drilling.
